

“I can really feel the difference when I wear and use the VibesUP products. My brain keeps getting sharper the older I get, while people around me are getting fuzzier all of the time. I think the effect must be the cumulative. Thank you for making all this possible for me and others. You are truly an inspiration to me. How you have been able to bring these ideas from nature into reality just boggles my mind. Amazing doesn’t even cover it.” – Margaret Blackburn

“I am very sensitive to my environment. I’ve tried several different things that are supposed to help with the computer EMF etc. (plants, crystals, special ‘plates’ etc.), nothing made any difference as far as I could tell. Then I sat on the VibesUP grounding mat, wore the special earth ionizer necklace, Divine Soles & attached a bit of excess divine soles to my mouse (with sellotape!) than I put a mat ON the computer itself & IMMEDIATELY!!! My body just LET GO..., I am (within minutes) breathing a little easier, tension in my back that I did not even know was there is releasing & I have tears in my eyes as more of my scatty sensitive spirit has a home-coming re-union with my body.” – Lisa Bingham, Australia

“I can’t tell you how much your products are just making an amazing difference in my life and also my clients. I’ve started using them in my work and my results are so much better – we are speeding up the healing process. I have noticed in my healing work and in yoga healing, that somebody’s vital force needs to have a certain level to actually start the healing process. Your products are helping me lift up their vibrations to the place where they have enough feeling of wellbeing to get them started on their journey to physical and emotional health ...”

I got the “I Am Healthy” collar for my almost 17 year old (dog) ... baby girl! She has degenerated disk problems in her back and has been on 3 prescription medications for about a year. Within a week of putting the collar on her, she was so full of energy it was like she was a pup again! Over the last month she has improved so much that we have stopped all prescription pain medications and she is even playing with toys again!!! I am so amazed and thankful for VibesUp! ... Amber V

“I am a health enthusiast, but I have an addictive personality. VibesUP has helped me release my additions to toxic habits. I sincerely thank you for your help and inspiration – Shelly L.

“I have bought 3 mats and found so many uses for them, its mind boggling. In fact, my partner isn’t so into this stuff now asks for “his” crystal mat for relief from chronic pain! My 96 year old grandma, (who absolutely won’t be parted from her VibesUP water bottle) almost cried when I gave her her own mat! I almost can’t believe how these products work so well that they develop their own supporters all by themselves.” - Jennifer

“I have suffered with unbelievable migraines ever since I was a child. The bracelets have helped me so much, I have far less tension headaches now. – Victoria, NYC
