

UNIVERSAL GUARD

Description

Electromagnetic radiation (EMR) emitted by cell phones and other wireless devices has been linked to various stress-induced health issues. The Universal Guard allows you to use your wireless devices as well as other EMR emitting devices with the peace of mind you deserve and utilizes the proprietary combination of our patented technologies, "MRET" a passive noise-field technology, and the proprietary, bio-friendly Energy Resonance Technology "ERT" to neutralize the effects of your exposure to EMR while supporting the body's resilience to it.

Recommended Uses

- Television - 2 guards
- Video Game Console - 2 guards
- Cordless Phone - 2 guards
- Laptop Computer - 1 guard
- Desktop Computer - 2 guards
- Alarm Clock - 1 guard
- Wireless Router - 2 guards
- Microwave - 2 guards
- Hair Dryer - 1 guard
- Coffee Maker - 1 guard
- Toaster - 1 guard
- Vacuum Cleaner - 2 guards
- Refrigerator - 2 guards
- Automobile - 2 guards

Available In

- 2 pack
- 6 pack
- 12 pack

Technology Used

- Molecular Resonance Effect Technology (MRET)
- Energy Resonance Technology (ERT)

How to use

- Make sure the surface of the device is clean
- Peel off the paper on the back of the Universal Guard
- Apply the Universal Guard on the device of your choice
- Do NOT adhere Universal Guard (s) to a device's screen or to any glass surface on device

Product Highlights

- Universally programmed, allowing use on multiple devices, both wired & wireless
- Designed to assist in alleviating the cumulative stress associated with living in today's electronic & wireless environment
- Resilient & long-lasting
